SSI Securities Corporation

GENERAL INFORMATION

THE COMPANY

SSI Securities Corporation ("the Company") is a joint stock company established under the Corporate Law of Vietnam, Operating License No. 3041/GP-UB dated 27 December 1999 issued by the Ho Chi Minh City People's Committee and the first Business Registration No. 056679 dated 30 December 1999 issued by Ho Chi Minh City Department of Planning and Investment. The Company operates under Securities Trading License No. 03/GPHDKD issued by the State Securities Commission on 5 April 2000 and subsequent amended licenses.

The Company's initial charter capital was VND 6,000,000,000. The charter capital has been supplemented from time to time in accordance with amended licenses. As at 30 June 2022, in accordance with the latest Amended License No. 26/GPDC-UBCK granted by the Chairman of State Securities Commission, which has been effective since 18 March 2022, the Company's total charter capital was VND 9,947,500,220,000.

The Company's primary activities are to provide brokerage service, securities trading, underwriting for securities issues, custodian service, finance and investment advisory service, margin lending service and derivatives trading.

The Company's Head Office is located at 72 Nguyen Hue Boulevard, Ben Nghe Ward, District 1, Ho Chi Minh City, Vietnam. As at 30 June 2022, the Company has branches located in Ho Chi Minh City, Hanoi, Hai Phong, and transaction offices located in Ho Chi Minh City and Hanoi.

As at 30 June 2022, the Company has two (02) directly owned subsidiaries, three (03) indirectly owned subsidiaries and two (02) associates.

AUDITOR

The auditor of the Company is Ernst & Young Vietnam Limited.

SSI Securities Corporation

REPORT OF MANAGEMENT

Management of SSI Securities Corporation ("the Company") is pleased to present its report and the Company's interim separate financial statements as at and for the six-month period ended 30 June 2022.

MANAGEMENT'S RESPONSIBILITY IN RESPECT OF THE INTERIM SEPARATE FINANCIAL STATEMENTS

Management is responsible for the interim separate financial statements of each financial period which give a true and fair view of the interim separate financial position of the Company and of the interim separate results of its operations, interim separate cash flows and its interim separate changes in owners' equity for the period. In preparing those interim separate financial statements, Management is required to:

- select suitable accounting policies and apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the interim separate financial statements; and
- prepare the interim separate financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

Management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the interim separate financial position of the Company and to ensure that the accounting records comply with the applied accounting system. It is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of frauds and other irregularities.

Management confirmed that it has complied with the above requirements in preparing the accompanying interim separate financial statements.

STATEMENT BY MANAGEMENT

Management does hereby state that, in its opinion, the accompanying interim separate financial statements give a true and fair view of the interim separate financial position of the Company as at 30 June 2022 and of the interim separate results of its operations, its interim separate cash flow statement and its interim separate statement of changes in owners' equity for the six-month period then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System, accounting guidance applicable to securities companies and statutory requirements relevant to preparation and presentation of the interim separate financial statements.

The Company has subsidiaries as presented in the financial statements. The Company has prepared these interim separate financial statements to meet the requirements for information disclosure, specifically as prescribed in Circular No. 96/2020/TT-BTC - Guidelines on disclosure of information on securities market. In addition, in accordance with these documents, the Company has prepared the interim consolidated financial statements of the Company and its subsidiaries for the six-month period ended 30 June 2022 ("interim consolidated financial statements") dated 12 August 2022.

Users of the interim separate financial statements should read the interim separate financial statements in conjunction with these interim consolidated financial statements of the Company and its subsidiaries to obtain complete information about the interim consolidated statement of financial position, interim consolidated results of operations and interim consolidated cash flows and interim consolidated changes in owners' equity of the Company and its subsidiaries.

REPORT ON REVIEW OF INTERIM SEPARATE FINANCIAL STATEMENTS

To: The Shareholders of
SSI Securities Corporation

We have reviewed the accompanying interim separate financial statements of SSI Securities Corporation (the "Company") as prepared on 12 August 2022 and set out on pages 7 to 84, which comprise the interim separate statement of financial position as at 30 June 2022, the interim separate income statement, the interim separate cash flow statement and the interim separate statement of changes in equity for the six-month period then ended and the notes thereto.

Management's responsibility

The Company's Management is responsible for the preparation and fair presentation of the interim separate financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System, accounting guidance applicable to securities companies and statutory requirements relevant to preparation and presentation of the interim separate financial statements, and for such internal control as the Management determines is necessary to enable the preparation and presentation of interim separate financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express a conclusion on the interim separate financial statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements No. 2410 – Review of Interim Financial Information Performed by the Independent Auditor of the Entity.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

A member firm of Ernst & Young Global Limited

Building a better working world

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim separate financial statements do not give a true and fair view, in all material respects, of the interim separate financial position of the Company as at 30 June 2022, and of the interim separate results of its operations, its interim separate cash flows and its interim separate changes in owners' equity for the six-month period then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System, accounting guidance applicable to securities companies and statutory requirements relevant to preparation and presentation of the interim separate financial statements.

1. CORPORATE INFORMATION

SSI Securities Corporation ("the Company") is a joint stock company established under the Corporate Law of Vietnam, Operating License No. 3041/GP-UB dated 27 December 1999 issued by Ho Chi Minh City People's Committee and the first Business Registration No. 056679 dated 30 December 1999 issued by Ho Chi Minh City Department of Planning and Investment. The Company operates under Securities Trading License No. 03/GPHDKD issued by the State Securities Commission on 5 April 2000 and subsequent amended licenses.

The Company's initial charter capital was VND 6,000,000,000. The charter capital has been supplemented from time to time in accordance with amended licenses. As at 30 June 2022, in accordance with the latest Amended License No. 26/GPDC-UBCK granted by the Chairman of State Securities Commission, which has been effective since 18 March 2022, the Company's total charter capital was VND 9,947,500,220,000.

The Company's primary activities are to provide brokerage service, securities trading, underwriting for securities issues, custodian service, finance and investment advisory service, margin lending service and derivatives trading. The Company's Head Office is located at 72 Nguyen Hue Boulevard, Ben Nghe Ward, District 1, Ho Chi Minh City, Vietnam. As at 30 June 2022, the Company has branches located in Ho Chi Minh City, Hanoi, Hai Phong, and transaction offices located in Ho Chi Minh City and Hanoi.

The number of the Company's employees as at 30 June 2022 was: 1,408 persons (31 December 2021: 1,270 persons).

Company's operation

Capital

As at 30 June 2022, total charter capital of the Company is VND 9,947,500,220,000, owners' equity is VND 13,910,624,018,274 and total assets are VND 42,752,313,887,765.

Investment objectives

As one of the biggest listed securities companies in Vietnam stock market, the Company's principal activities are to provide brokerage service, securities trading, underwriting for securities issues, custodian service, finance and investment advisory service, margin lending service and derivatives trading. The Company's goals are to become a partner with clients, to focus all resource and initiatives to bring success to all stakeholders.

1. CORPORATE INFORMATION (continued)

Company's operation (continued)

Investment restrictions

The Company is required to comply with Article 28 under Circular No. 121/2020/TT-BTC dated 31 December 2020 providing guidance on establishment and operation of securities companies and other applicable regulations on investment restrictions. The current applicable practices on investment restrictions are as follows:

1. Securities company is not allowed to invest, contribute capital to invest in real-estate assets except for the purpose of use for head office, branches, and transaction offices directly serving professional business activities of the securities company.
2. Securities company may invest in real-estate investment as prescribed in Clause 1 and fixed assets on the principle that the carrying value of the fixed assets and real-estate investment should not exceed fifty percent (50%) of the total value of assets of the securities company.
3. Securities company is not allowed to use more than seventy percent (70%) of its owners' equity to invest in corporate bonds. Securities company, licensed to engage in self-trading activity, is allowed to trade listed bonds in accordance with relevant regulation on trading bonds repurchases.
4. Securities company must not by itself, or authorize another organization or individuals to:
   a. Invest in shares or contribute capital to companies that owned more than fifty percent (50%) of the charter capital of the securities company, except for purchasing of odd lots shares as the request of customers.
   b. Make joint investment with an affiliated person of five percent (5%) or more in the charter capital of another securities company.
   c. Invest more than twenty percent (20%) in the total currently circulating shares or fund certificates of a listing organization.
   d. Invest more than fifteen percent (15%) in the total currently circulating shares or fund certificates of an unlisted organization, this provision shall not apply to member fund, ETF fund or open-end fund certificates.
   e. Invest or contribute capital of more than ten percent (10%) in the total paid-up capital of a limited liability company or of a business project.
   f. Invest more than fifteen percent (15%) of its owners' equity in a single organization or of a business project.
   g. Invest more than seventy percent (70%) of its total owners' equity in shares, capital contribution and a business project, specifically invest more than twenty percent (20%) of its total owners' equity in unlisted shares, capital contribution and a business project.

   Securities company is allowed to establish or purchase an asset management company as a subsidiary. In that case, securities company is not required to follow points c,d and e of Clause 4 above.

Key aspects of the Company's operation which affect the Company's interim separate financial statements

The Company's profit after tax for the first 6 months of 2022 was VND 1,100,058,845,476, made an increase of 11% (amounted to VND 107,706,178,867) in comparison with the first 6 months of 2021 owing to the following reasons:

- Operating revenue for the first 6 months of 2022 increased by 11% (amounted to VND 340,003,958,410), in which "Gain from loans and receivables" was the main factor with a rise of 80% (amounted to VND 465,862,691,119) compared to the first 6 months of 2021;
- Besides, "Financial expenses" and "Expenses for brokerage services" for the first 6 months of 2022 increased respectively by 33% (amounted to VND 160,764,124,936) and 15% (amounted to VND 93,556,160,805) in comparison with the first 6 months of 2021, affecting the growth of profit after tax.

2. BASIS OF PRESENTATION

2.1 *Applied accounting standards and system*

The financial statements of the Company are prepared in accordance with Vietnamese Enterprise Accounting System, the accounting regulation and guidance applicable to securities companies as set out in Circular No. 210/2014/TT-BTC dated 30 December 2014, Circular No. 334/2016/TT-BTC dated 27 December 2016 amending, supplementing and replacing Appendices No. 02 and No. 04 of Circular No. 210/2014/TT-BTC, Vietnamese Standards on Accounting No 27 – the interim financial statement and other Vietnamese Accounting Standards promulgated by the Ministry of Finance as per:

- Decision No. 149/2001/QD-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Standards on Accounting (Series 1);
- Decision No. 165/2002/QD-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (Series 2);
- Decision No. 234/2003/QD-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (Series 3);
- Decision No. 12/2005/QD-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (Series 4); and
- Decision No. 100/2005/QD-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Standards on Accounting (Series 5).

2.2 *Information on interim consolidate financial statements*

The Company has subsidiaries as described in *Note 1* and *Note 11*. The interim separate financial statements are prepared in order to meet information disclosure requirements under Circular No. 96/2020/TT-BTC – Providing guidelines on Disclosure of Information on securities market. According to the provisions of these documents, the Company has prepared the interim consolidated financial statements of the Company and its subsidiaries for the six-month period ended 30 June 2022 ("interim consolidated financial statements") dated 12 August 2022.

Users of the interim separate financial statements should read the interim separate financial statements in conjunction with the interim consolidated financial statements of the Company and its subsidiaries for the six-month period ended 30 June 2022 to obtain complete information about the interim consolidated statement of financial position, interim consolidated results of operations, interim consolidated cash flows and interim consolidated changes in owners' equity of the Company and its subsidiaries.

2.3 *Registered accounting documentation system*

The Company's registered accounting documentation system is the General Journal Voucher system.

2.4 *Fiscal year*

The Company's fiscal year starts on 1 January and ends on 31 December.

The Company also prepares its interim financial statements for the six-month period from 1 January to 30 June and its quarterly financial statements for the three-month periods ended on 31 March, 30 June, 30 September and 31 December each year.

2.5 *Accounting currency*

The financial statements are prepared in Vietnam Dong ("VND"), which is the accounting currency of the Company.

3. STATEMENT ON COMPLIANCE WITH VIETNAMESE ACCOUNTING STANDARDS AND SYSTEMS

Management confirms that the Company has complied with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System, accounting guidance applicable to securities companies and statutory requirements relevant to preparation and presentation of the interim separate financial statements.

Accordingly, the accompanying interim separate statement of financial position, interim separate income statement, interim separate statement of cash flows, interim separate statement of changes in owners' equity and notes to the interim separate financial statements, including their utilisation are not designed for those who are not informed about Vietnam's accounting principles, procedures and practices and furthermore are not intended to present the interim separate financial position, interim separate results of operations, interim separate cash flows and interim separate changes in owners' equity in accordance with accounting principles and practices generally accepted in countries other than Vietnam.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 Changes in accounting policies

The accounting policies used by the Company to prepare the interim separate financial statements have been applied consistently with those used to prepare the interim separate financial statements for the six-month period ended 30 June 2021 and the financial statements for the year ended 31 December 2021, excluding the following changes:

a. *On 17 December 2021, the Ministry of Finance issued Circular 114/2021/TT-BTC replacing Circular No. 146/2014/TT-BTC of the Minister of Finance guiding financial regime for securities companies, and fund management companies ("Circular 114"). The main changes of Circular 114 include*:

- The making of provision and resolution for devaluation of inventories, impairment of investments, bad debts will be conducted by securities companies, fund management companies, branches of foreign fund management companies who are licensed to establish and operate in Vietnam in compliance with the provisions of Circular 48/2019/TT-BTC dated 08 August 2019 of the Minister of Finance guiding the setting up and handling provisions for devaluation of inventory, impairment of investments, bad debts and warranties for products, goods, services, construction works at the enterprise and amendment documents, supplement, replace (if any);
- For charter capital supplementary reserve which is appropriated under provision of Circular No. 146/2014/TT-BTC: used to supplement the charter capital according to current regulations;
- For operational risk and financial reserve which is appropriated under provisions of Circular No. 146/2014/TT-BTC: used to supplement charter capital or utilized as per decision of the General Meeting shareholders, the Board of members or the Chairman of the company in accordance with current regulations

Circular 114 became effective as from 01 February 2022. Applying the changes of Circular 114, during the period, Company has reversed the operational risk and financial reserve (*Note 27.2*).

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.1 *Changes in accounting policies* (continued)

b. *Circular No. 24/2022/TT-BTC ("Circular No. 24") dated 07 April 2022 amending and supplementing a number of articles of Circular No. 48/2019/TT-BTC ("Circular No. 48") dated 08 August 2019 of the Ministry of Finance guiding the provisioning and handling for devaluation of inventory, loss of financial investments, bad debts and warranty products, goods, services and construction works at the enterprise*

Circular No. 24 became effective as from 25 May 2022 amending and supplementing regulations on provisioning objects, accordingly, the provisioning subjects are securities issued by domestic economic organizations in accordance with law, owned by enterprises, being listed or registered for trading on the domestic securities market, to be free to buy and sell in the market and the actual price of securities in the market at the time of making the annual financial statements is lower than the value of the securities investment accounting on the accounting books.

The provisioning objects do not include Government bonds, Government-guaranteed bonds, municipal bonds.

4.2 *Cash and cash equivalents*

Cash and cash equivalents comprise cash on hand, cash at banks and short-term, highly liquid investments with an original maturity of three months or less that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

Cash deposited by customers for securities trading and cash deposited by securities issuers are presented on the off-balance sheet.

4.3 *Financial assets at fair value through profit or loss (FVTPL)*

Financial assets recognized at fair value through profit or loss are financial assets that satisfy either of the following conditions:

a) It is classified as held for trading. A financial asset is classified as held for trading if:
   - it is acquired or incurred principally for the purpose of selling or repurchasing it in the near term;
   - there is evidence of a recent actual pattern of short-term profit-taking; or
   - it is a derivative (except derivative that is a financial guarantee contract or effective hedging instrument).

b) Upon initial recognition, a financial asset is designated by the entity as at fair value through profit or loss as it meets one of the following criteria:
   - the designation eliminates or significantly reduces the inconsistent treatment that would otherwise arise from measuring the asset or recognising gains or losses on a different basis; or
   - the assets are part of a group of financial assets which are managed, and their performance is evaluated on a fair value basis, in accordance with the Company's risk management policy or investment strategy.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.3 Financial assets at fair value through profit or loss (FVTPL) (continued)

Financial assets at FVTPL are initially recognized at cost (acquisition cost of the assets excluding transaction cost arising from the purchase) and subsequently recognized at fair value.

Increase in the difference arising from revaluation of financial assets at FVTPL in comparison with the previous period is recognized into the interim separate income statement under "Gain from revaluation of financial assets at FVTPL". Decrease in the difference arising from revaluation of financial assets at FVTPL in comparison with the previous period is recognized into the interim separate income statement under "Loss from revaluation of financial assets at FVTPL".

Transaction costs relating to the purchase of the financial assets at FVTPL are recognized when incurred as expenses in the interim separate income statement.

4.4 Held-to-maturity investments (HTM)

Held-to-maturity investments are non-derivative financial assets with determinable payments and fixed maturity that an entity has the positive intention and ability to hold to maturity other than:

a) those that the entity upon initial recognition designates as at fair value through profit or loss;
b) those that the entity designates as available-for-sale; and
c) those meet the definition of loans and receivables.

Held-to-maturity investments are initially recognized at cost (acquisition cost of the assets plus (+) transaction costs which are directly attributable to the investments such as brokerage fee, trading fee, issuance agency fee and banking transaction fee). After initial recognition, held-to-maturity financial investments are subsequently measured at amortized cost using the effective interest rate ("EIR").

Amortized cost of HTM financial investments is the amount at which the financial asset is measured at initial recognition minus (-) principal repayments, plus (+) or minus (-) the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, and minus (-) any reduction for impairment or irrecoverability (if any).

The effective interest rate method is a method of calculating the cost allocation on interest income or interest expense in the period of a financial asset or a group of HTM investments.

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial assets or financial liabilities.

HTM investments are subject to an assessment of impairment at the interim separate financial statements date. Provision is made for an HTM investment when there is any objective evidence that the investment is irrecoverable or there is uncertainty of recoverability, resulting from one or more events that have occurred after the initial recognition of the investment and that event has an impact on the estimated future cash flows of the investment that can be reliably estimated. Evidence of impairment may include a drop in the fair value/market value of the impaired debt (if any), indications that the debtors or a group of debtors are experiencing significant financial difficultly, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganization and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults. When there is any evidence of impairment, provision for an HTM investment is determined as the negative difference between its fair value and amortized cost at the assessment date. Any increase/decrease in the balance of provision is recognized in the interim separate income statement under "Provision expense for diminution in value and impairment of financial assets and doubtful receivables and borrowing costs of loans".

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.5 Loans

Loans are non-derivative financial assets with fixed or identifiable payments and not listed on the market, with the exceptions of:

a) the amounts the Company has the intent to immediately sell or will sell in a near future which are classified as assets held for trading, and like those which, upon initial recognition, the Company categorized as such recognized at fair value through profit or loss;

b) the amounts categorized by the Company as available-for-sale upon initial recognition; or

c) the amounts whose holders cannot recover most of the initial investment value not due to credit quality impairment and which are categorized as available-for-sale.

Loans are recognized initially at cost (disbursement amount of the loans). After initial recognition, loans are subsequently measured at amortized cost using the effective interest rate ("EIR").

Amortized cost of loans is the amount at which the loans is measured at initial recognition minus (-) principal repayments, plus (+) or minus (-) the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, and minus (-) any reduction for impairment or irrecoverability (if any).

Loans are subject to an assessment of impairment at the interim separate financial statements date. Provision is made for loan based on its estimated loss which is determined by the negative difference between the market value of securities used as collaterals for such loan and the loan balance. Any increase/decrease in the balance of provision is recognized in the income statement under "Provision expense for diminution in value and impairment of financial assets and doubtful receivables and borrowing costs of loans".

4.6 Available-for-sale (AFS)

Available-for-sale financial assets are those non-derivative financial assets that are designated as available-for-sale or are not classified as:

a) loans and receivables;

b) held-to-maturity investments; or

c) financial assets at fair value through profit or loss.

Available-for-sale financial assets are recognized initially at cost (acquisition cost of the assets plus (+) transaction costs which are directly attributable to the purchase of the financial assets). After initial recognition, AFS financial assets are subsequently measured at fair value.

Difference arising from the revaluation of AFS financial assets in comparison with previous period is recognized under "Gain/(loss) from revaluation of AFS financial assets" in "Other comprehensive income after tax" which is a part of the interim separate income statement.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.6 Available-for-sale (AFS) (continued)

At the interim separate statement of financial position date, the Company assessed whether there is any objective evidence that an AFS financial asset is impaired. Any increase/decrease in the balance of provision is recognized in the interim separate income statement under "Provision expenses for diminution in value and impairment of financial assets and doubtful debts and borrowing costs of loans".

- Where an equity instrument is classified as available-for-sale, evidence of impairment includes a significant or prolonged decline in the fair value of the investment below its original cost. "Significant" is to be evaluated against the original cost of the asset and "prolonged" indicates the period in which the fair value has been below its original cost. When any evidence of impairment exists, provision is determined as the difference between the AFS asset's cost and fair value at the assessment date.
- Where a debt instrument is classified as available-for-sale, the assessment of impairment is conducted using the same criteria as those applied for HTM investments. When there is any evidence of impairment, provision for an AFS asset is determined as the negative difference between its fair value and amortized cost at the assessment date.

4.7 Fair value/market value of financial assets

Fair value/market value of the securities is determined as follows:

- For securities listed on Hanoi Stock Exchange and Ho Chi Minh City Stock Exchange, their market prices are their closing prices on the trading day preceding the date of setting up the revaluation.
- For unlisted securities registered for trading on the Unlisted Public Company Market ("UPCOM"), their market prices are their closing prices on the trading day preceding the date of setting up the revaluation.
- For delisted securities and suspended trading securities from the sixth day afterward, their prices are the book value at the latest financial report date.
- The market price for unlisted securities and securities unregistered for trading on the Unlisted Public Company Market ("UPCOM") used as a basis for setting up the revaluation is the trading prices of the latest transaction on over-the-counter ("OTC") market.

For securities which do not have reference price from the above sources, the revaluation is determined based on the financial performance and the book value of securities issuers as at the assessment date.

For the purpose of determining CIT taxable profit, the tax bases for financial assets are determined by cost minus (-) provision for diminution in value. Accordingly, market value of securities for provision purpose is determined in accordance with the Circular No. 48/2019/TT-BTC issued by the Ministry of Finance on 8 August 2019 ("Circular 48").

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.8 Derecognition of financial assets

A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- The rights to receive cash flows from the assets have expired; or
- The Company has transferred its rights to receive cash flows from the assets or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either:
  - the Company has transferred substantially all the risks and rewards of the assets, or
  - the Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement; and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Company's continuing involvement in the asset. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

The continued participation in transferred assets in the form of guarantee will be recognized at smaller value between the initial carrying value of the assets and the maximum amount that the Company is required to pay.

4.9 Reclassification of financial assets

Reclassification when selling financial assets other than FVTPL

When selling financial assets other than FVTPL, securities companies are required to reclassify those financial assets to financial assets at FVTPL. The difference arising from the revaluation of financial assets AFS which was recognized in *"Difference from revaluation of assets at fair value"* will be recognized as corresponding revenue or expenses at the date of reclassification of financial assets AFS for selling purpose.

Reclassification due to change in purpose or ability to hold

Securities companies are required to reclassify financial assets to their applicable categories if their purpose or ability to hold has changed, consequently:

- Non-derivative financial assets at FVTPL or financial assets that are not required to be classified as financial asset at FVTPL at the initial recognition can be classified as loans and other receivables or as cash and cash equivalents if the requirements are met. The gains or losses arising from revaluation of financial assets at FVTPL prior to the reclassification are not allowed to be reversed.
- Due to changes in purposes or ability to hold, some HTM investments are required to be reclassified into AFS financial assets and to reassessed at fair value. The difference arising from revaluation between carrying value and fair value are recognized under "*Difference from revaluation of assets at fair value*" in Owners' equity.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.10 Long-term investment in financial assets

Investments in subsidiaries

The Company's investments in subsidiaries are recorded at cost in the interim separate financial statements. Distributed profit from the subsidiary's after-tax profit is accounted for as an income in the interim separate income statement.

Provision for loss of investments in subsidiaries is made for individual investments, if incurred, and reviewed at the end of the reporting period. The provision is made upon loss in financial result of the subsidiary. Increases or decreases to the provision balance are charged to the financial expense during the period.

Investments in associates

The Company's investments in associates are recorded at cost in the interim separate financial statements. Distributed profit from the associates' after-tax profit is accounted for as an income in the interim separate income statement.

Provision for loss of investments in associates is made for individual investments, if incurred, and reviewed at the end of the reporting period. The provision is made upon loss in financial result of the associate. Increases or decreases to the provision balance are charged to the financial expense during the period.

4.11 Recognition of mortgaged financial assets

During the period, the Company had mortgaged/pledged financial assets which are used as collaterals for financial obligations of the Company.

According to the terms and conditions of the mortgage/pledge contracts, during the valid period of the contracts, the Company is not allowed to sell, transfer or use the mortgaged/pledged assets under repurchase or swap contracts with any other third party.

In case the Company is unable to fulfil its obligations, the mortgagee/pledgee is allowed to use the mortgaged/pledged assets to settle the obligations of the Company after a period specified in the mortgage/pledge contracts, since the obligations due date.

The mortgaged/pledged assets are monitored in the Company's interim separate statement of financial position in accordance with accounting principles relevant to the assets' classification.

4.12 Receivables

Receivables are initially recorded at cost and subsequently always presented at cost.

Receivables are subject to review for impairment based on their overdue status or estimated loss arising from undue debts of corporate debtors who have bankruptcy or are under liquidation; or of individual debtors who are missing, have fled, are prosecuted, detained or tried by law enforcement bodies, are serving sentences or have deceased. Increases or decreases to the provision balance are recorded as *"Provision expenses for diminution in value and impairment of financial assets and doubtful debts and borrowing costs of loans"* and *"Other operating expenses"* in the interim separate income statement.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.12 *Receivables* (continued)

The Company has made provision for doubtful receivables and handling irrecoverable receivables in accordance with Circular No. 48/2019/TT-BTC dated 8 August 2019 issued by the Ministry of Finance. Accordingly, the provision rates for overdue receivables are as follows:

Overdue period	*Provision rate*
From six (6) months to less than one (1) year	30%
From one (1) year to less than two (2) years	50%
From two (2) years to less than three (3) years	70%
From three (3) years and above	100%

4.13 *Tangible fixed assets*

Tangible fixed assets are stated at cost less accumulated depreciation.

The cost of a tangible fixed asset comprises of its purchase price and any directly attributable costs of bringing the tangible fixed asset to working condition for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the interim separate income statement as incurred.

When tangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the interim separate income statement.

4.14 *Intangible fixed assets*

Intangible assets are stated at cost less accumulated amortization.

The cost of an intangible fixed asset comprises of its purchase price and any directly attributable costs of preparing the intangible fixed asset for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and other expenditures are charged to the interim separate income statement as incurred.

When intangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the interim separate income statement.

4.15 *Depreciation and amortisation*

Depreciation and amortisation of tangible fixed assets and intangible fixed assets are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Office machineries	3 - 5 years
Means of transportation	6 years
Office equipment	3 - 5 years
Software	3 - 5 years
Other intangible fixed assets	2 - 5 years

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.16 Operating lease

Whether an agreement is determined as a property lease agreement depends on the nature of the agreement at the beginning: whether the implementation of the agreement depends on the use of a certain asset and whether the agreement includes clauses on the use rights of the asset.

Rentals fee respective to operating leases are charged to the interim separate income statement on a straight-line basis over the term of the lease.

4.17 Prepaid expenses

Prepaid expenses, including short-term prepaid expenses or long-term prepaid expenses in the interim separate statement of financial position, are amortised over the period for which the amounts are paid or the period in which economic benefits are generated in relation to these expenses.

The following types of expenses are recorded as prepaid expenses and are amortised over the period from one (1) year to three (3) years to the interim separate income statement:

- Office renovation expenses;
- Office rental expenses;
- Office tools and consumables;
- Software services extension, maintenance and warranty expenses.

4.18 Repurchase agreements

Securities sold under the agreements to be repurchased at a specified future date ("repos") are not derecognized from the interim separate statement of financial position. The corresponding cash received is recognized in the interim separate statement of financial position as a liability. The difference between the sale price and repurchase price is treated as interest expense and is accrued in the interim separate income statement over the life of the agreement using the straight-line method.

4.19 Borrowings

Borrowings are recorded and stated at cost of the balance at the end of the accounting period.

4.20 Payables and accruals

Payables and accruals are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the Company.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.21 Covered warrants payables

Covered warrants payables

Covered warrants are secured securities with collaterals issued by the Company which gives its holder the right to buy an amount of an underlying security at an exercise price or to receive a sum of money equal to the difference between the price (index) of the underlying securities and the exercise price (exercise index), when the former is higher than the latter, at the strike time.

When issued covered warrants, the Company record an increase in covered warrant payables, at the same time monitoring the number of covered warrants still allowed to be issued. At the end of the period, the Company revaluates the covered warrants at fair value. The decrease in difference arising from revaluation of outstanding covered warrants at fair value in comparison with previous is recognized in "Gain from financial assets at FVTPL" (detail in "Gain from revaluation of outstanding covered warrant payable"). The increase in difference arising from revaluation of outstanding covered warrants at fair value in comparison with previous is recognized in "Loss from financial assets at FVTPL" (detail in "Loss from revaluation of outstanding covered warrant payable").

The transaction costs relating to the purchase and issuance of covered warrants are recognized when incurred as purchase costs of financial assets in the interim separate income statement. Profit or loss resulted from covered warrants when repurchase, upon the maturity of covered warrants or when covered warrant is recalled, are recognized under "Gain from disposal of financial assets at FVTPL" or "Loss from disposal of financial assets at FVTPL" in the interim separate income statement.

The securities used as hedging for the covered warrants are monitored by the Company. At the end of the period, securities used as hedging for the covered warrants are revaluated at fair value and the differences arising from revaluation is recorded like the revaluation of financial assets at FVTPL.

4.22 Employee benefits

4.22.1 Post-employment benefits

Post-employment benefits are paid to retired employees of the Company by the Social Insurance Agency, which belongs to the Ministry of Labour and Social Affairs. The Company is required to contribute to these post-employment benefits by paying social insurance premium to the Social Insurance Agency at the rate of 17.5% (17% in the 12-month period from 1 July 2021 to the end of 30 June 2022 as prescribed in Resolution No. 68 dated 01 July 2021) of an employee's basic salary, salary-related allowances and other supplements. Other than that, the Company has no further obligation relating to post-employment benefits.

4.22.2 Severance pay

According to the Labor Code No. 45/2019/QH14 effective from 01 January 2021 and Decree No. 145/2020/ND-CP of the Government – detailing and guiding on executing some articles of the Labor Code on working conditions and labor relations, the Company is responsible for paying a severance allowance equal to half a month's salary for each working year to employees who voluntarily resign and fully meet factors in accordance with provisions of law. Working time to calculate severance allowance is the total time the employee has actually worked for the Company minus the time the employee has participated in unemployment insurance according to the provisions of the law on unemployment insurance and the working time has been paid severance allowance by the employer. The average monthly salary is calculated to pay severance allowance will be based on the average salary of the last six months up to the time the employee quits.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.22 *Employee benefits* (continued)

4.22.3 Unemployment insurance

According to Article 57 of the Employment Law No. 38/2013/QH13 which took effect from 01 January 2015 and the Government's Decree No. 28/2015/ND-CP dated 12 March 2015 detailing the implementation of a number of Article of the Employment Law on unemployment insurance, the Company is required to contribute to the unemployment insurance at the rate of 1% of salary and wage fund of unemployment insurance joiners and deduct 1% of monthly salary and wage of each employee to contribute to the unemployment insurance fund. According to Decision No. 28/2021/QD-TTg of the Prime Minister, from 1 October 2021, the Company is entitled to reduce the unemployment insurance contributions rate of 1% mentioned above to 0% within 12 months.

4.23 *Foreign currency transactions*

Transactions in currencies other than the Company's reporting currency of VND are recorded at the actual transaction exchange rates of commercial banks at transaction dates. At the end of the period, monetary balances denominated in foreign currencies are determined as follows:

- Monetary assets are translated at buying exchange rate of the commercial bank where the Company conducts transactions regularly.
- Monetary liabilities are translated at selling exchange rate of the commercial bank where the Company conducts transactions regularly.

All foreign exchange differences incurred during the period and arisen from the revaluation of monetary accounts denominated in foreign currencies at the end of the period are taken to the interim separate income statement.

4.24 *Currency derivative contract*

The Company participates in currency transactions with banks which provide services such as: foreign currency forward transactions, foreign currency swaps,... for the purpose of hedging and mitigating risks of exchange rate and cash flow in the future. Gain/loss arising from transactions during the period is recognized in the interim separate income statement.

4.25 *Treasury shares*

Equity instruments issued by the Company which are reacquired (treasury shares) are recognised at cost and deducted from owners' equity. No gain or loss is recognised upon purchase, sale, issue or cancellation of the Company's owners' equity instruments.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.26 *Revenue recognition*

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of receipts or receivables less trade discount, concessions and sales return. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from brokerage services

When the contract outcome can be reliably measured, revenue is recognized by reference to the stage of completion. Where the contract outcome cannot be reliably measured, revenue is recognized only to the extent of the expenses recognized which are recoverable.

Revenue from trading of securities

Revenue from trading of securities is determined by the difference between the selling price and the weighted average cost of securities sold.

Other income

Revenues from irregular activities other than turnover-generating activities are recorded to other incomes as stipulated by VAS 14 – "Revenue and other income", including: Revenues from asset liquidation and sale; fines paid by customers for their contract breaches; collected insurance compensation; collected debt which had been written off and included in the preceding period expenses; payable debts which are now recorded as revenue increase as their owners no longer exist; collected tax amounts which now are reduced and reimbursed; and other revenues.

Interest income

Revenue is recognized on accrual basis (taking into account the effective yield on the asset) unless collectability is in doubt.

Dividends

Income is recognized when the Company's entitlement as an investor to receive the dividends is established, except for dividend received in shares in which only the number of shares is updated.

Other revenues from rendering services

Where the contract outcome can be reliably measured, revenue is recognised by reference to the stage of completion.

Where the contract outcome cannot be reliably measured, revenue is recognised only to the extent of the expenses recognised which are recoverable.

4.27 *Borrowing costs*

Borrowing costs include accrued interest and other expenses which are directly attributable to the Company's borrowings.

4.28 *Cost of securities sold*

The Company applies moving weighted average method to calculate cost of proprietary securities sold.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.29 Corporate income tax

Current income tax

Current income tax assets and liabilities for the current and prior period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the reporting date.

Current income tax is charged or credited to the interim separate income statement, except when it relates to items recognized directly to owners' equity, in which case the current income tax is also dealt with in owners' equity.

Current income tax assets and liabilities are offset only when there is a legally enforceable right for the Company to set off current tax assets against current tax liabilities and when the Company intends to settle its current tax assets and liabilities on a net basis.

Deferred income tax

Deferred income tax is provided using for temporary differences at the reporting date between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences, except when the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the transaction affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profits will be available against which deductible temporary differences, carry forward of unused tax credits and unused tax losses can be utilized, except where the deferred tax asset in respect of deductible temporary difference which arises from the initial recognition of an asset or liability which at the time of the related transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to a certain extent that sufficient taxable profits will be available to allow all or part of the deferred income tax assets to be recovered. Previously unrecognized deferred income tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized, or the liability is settled based on tax rates and tax laws that have been enacted at the reporting date. Deferred tax is recorded to the interim separate income statement, except when it relates to items recognized directly to owners' equity, in which case the deferred tax is also dealt with in owners' equity. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxable entity and the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.30 Owners' equity

Contributed capital from shareholders

Contributed capital from stock issuance is recorded in Charter Capital at par value.

Undistributed profit

Undistributed profit comprises of realised and unrealised undistributed profit.

Unrealised profit of the period is the difference between gain and loss arisen from revaluation of financial assets at FVTPL or others through profit or loss in the interim separate income statement, and the deferred income tax related to the increase in revaluation of FVTPL financial assets and others.

Realised profit during the period is the net difference between total revenue and income, and total expenses in the interim separate income statement of the Company, except for gain or loss recognized in unrealised profit.

Reserves

In 2021 and earlier, according to Circular No. 146/2014/TT-BTC issued by the Ministry of Finance on 6 October 2014, the Company made appropriation of annual profit after tax to the following reserves:

	Percentage of profit after tax	*Maximum balance*
Charter Capital Supplementary Reserve	5%	10% of charter capital
Operational risk and finance Reserve	5%	10% of charter capital

On 17 December 2021, the Ministry of Finance issued Circular 114/2021/TT-BTC effective from 1 February 2022 to annul Circular No. 146/2014/TT-BTC of the Minister of Finance guiding financial regime for securities companies, which states:

- For the charter capital supplementary reserve which is appropriated according to the provisions of Circular No. 146/2014/TT-BTC: used to supplement charter capital according to current regulations;
- For the operational risk and financial reserve which is appropriated according to the provisions of Circular No. 146/2014/TT-BTC: used to supplement charter capital or used under the decision of the General Meeting of Shareholders, the Board of Members or the Chairman of the company in accordance with current regulations.

Other reserves are appropriated in accordance with the Resolution of the General Meeting of Shareholders.

4.31 Appropriation of net profits

Net profit after tax is available for appropriation to shareholders after being approved by the General Meeting of Shareholders and after making appropriation to reserve funds in accordance with the Company's Charter and Vietnam's regulatory requirements.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4.32 Segment information

A segment is a component determined separately by the Company which is engaged in providing products or related services (business segment) or providing products or services in a particular economic environment (geographical segment), that is subject to risks and returns that are different from those of other segments.

The Company's business segment is derived mainly from the services provided to investors. Management defines the Company's geographical segments to be based on the location of the Company's assets.

4.33 Related parties

Parties are considered to be related parties of the Company if one party has the ability to, directly or indirectly, control the other party or exercise significant influence over the other party in making financial and operating decisions, or when the Group and other party are under common control or under common significant influence. Related parties can be enterprises or individuals, including close members of their families.

4.34 Nil balances

Items or balances required by Circular No. 210/2014/TT-BTC dated 30 December 2014 and Circular No. 334/2016/TT-BTC dated 27 December 2016 issued by the Ministry of Finance that are not shown in these interim separate financial statements indicate nil balances.

Total	**18,737,986,663**	**1,091,151,760,354,486**

7. FINANCIAL ASSETS

Concepts of financial assets

Cost

Cost of a financial asset is the amount of cash or cash equivalents paid, disbursed or payable of such financial asset at its initial recognition. The transaction costs incurred directly from the purchase of financial asset might be included in the cost of the financial asset or not depending on the category that the financial asset is classified in.

Fair value/market value

The fair value or market value of a financial asset is the price at which the financial asset would be traded voluntarily between knowledgeable parties on an arm's length basis.

The fair value/market value of securities is determined using the method described in *Note 4.7*.

Amortised cost

Amortized cost of a financial investment (which is debt instrument) is the amount at which the financial asset is measured at initial recognition minus (-) principal repayments, plus (+) or minus (-) the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, and minus any reduction for impairment or irrecoverability (if any).

For presentation purpose, provision for diminution in value or irrecoverability of financial assets is recognised in "*Provision for impairment of financial assets and mortgage assets*" in the interim separate statement of financial position.

Carrying amount

Carrying amount of a financial asset is the amount at which the financial asset is recognized in the interim separate statement of financial position. Carrying amount of a financial asset might be recognised at fair value (for FVTPL and AFS financial assets) or at amortised cost (for HTM investments and loans), depending on the category that the financial asset is classified.

39. CORPORATE INCOME TAX

39.1 Corporate income tax ("CIT")

The tax returns filed by the Company are subject to examination by the tax authorities. As the application of tax laws and regulations is susceptible to varying interpretations, the amounts reported in the financial statements could change later upon final determination by the tax authorities.

The current tax payable is based on taxable profit for the period. The taxable profit of the Company differs from the profit as reported in the interim income statement because it excludes items of income or expense that are taxable or deductible in other periods and it further excludes items that are not taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted by the reporting date. The Company is required to fulfil its corporate income tax obligation with the current tax rate of 20% on the total taxable profit according to Circular No. 78/2014/TT-BTC dated 02 August 2014.

39. CORPORATE INCOME TAX (continued)

39.1 Corporate income tax ("CIT") (continued)

42. OTHER INFORMATION (continued)

42.5 Purposes and policies of financial risk management

The Company's financial liabilities comprise mostly loans and borrowings, payables to suppliers and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company has loans, trade and other receivables, cash and short-term deposits that arise directly from its operations. The Company does not hold or issue derivative financial instruments.

The Company is exposed to market risk, credit risk and liquidity risk.

Risk management is integral to the whole business of the Company. The Company has a system of controls in place to maintain an acceptable balance between the cost arisen from risks and the cost of managing the risks. The Management continually monitors the Company's risk management process to ensure that an appropriate balance between risk and control is achieved.

Management reviews and agrees policies for monitoring each of these risks which are summarized below.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. There are four types of market risk: interest rate risk, currency risk, commodity price risk and other price risk, such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits, financial assets at FVTPL, covered warrants and available-for-sale investments.

The Company manages market risk by analysing financial sensitivity of the Company as at 30 June 2022 and 31 December 2021. When analysing sensitivity, Management assumes that sensitivity of Available-for-sale debt instruments in the interim separate statement of financial position and other related items in the interim separate income statement is affected by changes in corresponding market risk. The analysis is based on financial assets and liabilities held by the Company as at 30 June 2022 and 31 December 2021.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to market risk due to changes in interest rate relates primarily to cash and short-term deposits of the Company. Financial liabilities have fixed interest rate.

The Company manages interest rate risk by looking at the competitive structure of the market to identify a proper interest rate policy which is favourable for purposes of the Company within its risk management limits.

No analysis on interest sensitivity is performed since the Company's exposure to risk of changes in interest rate is insignificant.

Foreign exchange risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (in which revenue or expense is denominated in a different currency from the Company's accounting currency) and its investments in overseas subsidiaries.

42. OTHER INFORMATION (continued)

42.5 Purposes and policies of financial risk management

Market risk (continued)

Foreign exchange risk

The Company manages foreign exchange risk by considering current and expected market conditions when the Company plans to buy and sell commodities in the future in foreign currencies. For the purpose of minimizing foreign currency risks, the Company applies hedging measures by entering into foreign currency derivative contracts with commercial banks.

As at the reporting date, the Company has a loan denominated in foreign currency at banks at the value of USD 346,000,000 (equivalent to VND 8,013,737,500,000). The increase (or decrease) of 10% on the USD/VND exchange rate could possibly result in a corresponding increase (or decrease) in finance expense from the interest expense of the Company.

Equity price risk

Listed and unlisted securities which are held by the Company are affected by market risk arising from the uncertainty of future value of invested securities. The Company manages equity price risk by establishing investment limits, The Company's Investment Council considers and approves investments in securities.

As at the reporting date, the fair value of listed shares (FVTPL and AFS) was VND 598,497,778,851. The 10% increase (or decrease) in market index would possibly result in a corresponding increase (or decrease) in revenue from investment of the Company, depending on its magnitude and length as well as the Company's ownership position of securities which have significant influence on market index.

42. OTHER INFORMATION (continued)

42.5 Purposes and policies of financial risk management (continued)

Credit risk

Credit risk is the risk that counterparty would not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily for receivables) and from its financing activities, including deposits with banks, foreign exchanges activities and other financial instruments.

Receivables

Customer credit risk is managed by the Company based on its established policies, procedures and control relating to customer credit risk management. Credit quality of customers is evaluated on the basis of Management's assessment.

Outstanding customer receivables are regularly monitored. Customer credit quality's impairment is analysed at each reporting date on an individual basis for major clients. The Company closely monitors outstanding receivables and operates a credit control unit to mitigate credit risk. Due to the fact that the Company's receivables relate to a large number of diversified customers, there is no significant concentration of credit risk.

Bank deposits

The Company's bank balances are mainly maintained with high credit rating banks in Vietnam. Credit risk from balances with banks is managed by the Company's Capital and Financial Business Division in accordance with the Company's policy. The Company's maximum exposure to credit risk for the components of the interim separate statement of financial position at each reporting date is the carrying value as presented in *Note 5* and *Note 7.3*. The Company evaluates the concentration of credit risk with respect to bank deposits as low.

Margin lending and advances to customers

The Company manages its credit risks via the use of internal control policies, processes and procedures relevant to margin lending and advance payments to customers. The Company only provides margin lending with securities eligible to perform margin trading under the Regulation on Margin Lending and is rated in accordance with SSI's principle of share quality assessment. The credit limits are measured based on value of collateral assets, customer's credit rating and other indicators.

The following loans are considered as overdue as at 30 June 2022 (excluding of contracts that was extended or liquidated before the signing date of this report). Except for financial assets which are reserved for impairment as stated in *Note 8* and *Note 9*, according to the Management's assessment, the remaining financial assets are neither overdue nor impaired as they are all liquid.

42. OTHER INFORMATION (continued)

42.5. Purposes and policies of financial risk management (continued)

Credit risk (continued)

Currency: VND

	Total	*Balance provisioned*	*Neither past due nor impaired*	*Past due but not impaired*

Liquidity risk

The liquidity risk is the risk that the Company will encounter difficulties in meeting financial obligations. The Company's exposure to liquidity risk arises when the Company is unable to meet its financial obligations as they fall due, primarily due to mismatches in the maturity terms of financial assets and liabilities. The maturity terms of financial assets and liabilities reflect the remaining period of financial assets and liabilities from the reporting date to the date of settlement set out in the contracts or terms of issuance. For FVTPL and AFS financial assets, the maturity terms are determined based on the liquidity of the assets (the ability to sell and purchase the assets in short-term) on the market.

The Company monitors its liquidity risk by maintaining a level of cash and cash equivalents, borrowings deemed adequate by the Management to finance the Company's operations and to mitigate the effects of fluctuations in cash flows.
